PORT PERRY, ONTARIO AND SCARBOROUGH, ONTARIO– A total of over 200 attendees at the Port Perry Probus and Scarborough Central Probus heard how 'Europeans and Indians were peers and co-equals, but then people forgot. History forgot'. Dave Patterson shares these fascinating true accounts because their invisibility in today's world is hurting everybody. Patterson delivers such a quantity of pre-contact accomplishments, innovations, and inventions that the listeners discover the Western Hemisphere inhabitants put the white man on the map.

"Thank you for the excellent and thought-stimulating talk," wrote Port Perry Probus' Mark Brewer to Dave, as they spoke in depth after the event. Audience-members agreed during coffee break that many myths were shattered by the passionate, entertaining, and fun presentations of Dave Patterson.

Christine Ferguson of Scarborough was struck by the advancements of the Western Hemisphere indigenous, rekindling a 50 year love affair with these subjects. "I love this information. So few people realise any of this. I want to know what I can do to help spread this information", she remarked.

Because the education system has always concentrated on historical accomplishments of only the Eurasian land mass and ignores the Western Hemisphere, most North Americans are unaware of these contributions to today's civilisation, called 'gifts to the world' by 'the1492guy' – such as 75% of our foods today.

There are a lot of firsts, too: women's rights; freedom and liberty concepts; a 600 year old highway system with 225,000 km of stone/plaster roadway; democracy; suspension bridges; electricity; brain surgery; universal health care. There's many more.

Hilary Bartlett from Toronto Probus has called the collection "fascinating accounts that everyone needs to hear."

From Europeans who rarely ever bathed to a city with more people than Europe's most-populated, there's no shortage of fascinating accounts and many eye-openers for the average listener. Dave Patterson 'the1492guy' is spreading his ground-breaking and memorable messages around the GTA and across North America.
